

QUALITY POLICY STATEMENT

Our statement of Policy for Quality is as follow:

It is the policy of the business to operate Quality Assurance that meets the requirements of ISO 9001. To function effectively the organisation has identified and manages numerous linked activities.

The commitment to promotion of quality awareness is an essential objective for all employees. The organisation, methods, systems and procedures required to maintain and improve quality are set out in the manual and associated documentation.

The business will provide training to ensure that all employees understand the policy and requirements of the Quality Management System. Training will also be provided to make good any shortfall in skill requirements of employees in relation to their jobs.

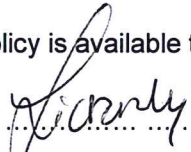

Quality performance will be monitored, records maintained and system deficiencies corrected. Audits will be carried out on the system and procedures.

The business will plan to meet the expectation and needs of customers and to be consistent with the organisational goals of the company.

- Provision of a safe working environment.
- Provision of equipment, which is correctly maintained and set.
- Control of purchased materials to determine the specification and quality performance meet agreed requirements.

Adequate resources will be provided for management of the quality management system, performance of work and verification activities.

This policy is available to the general public or other interested parties by request
